ACCOUNTING PRINCIPLES AND COMMON NOTES TO THE ANNUAL REPORT

1 Reporting entity

The Company, Amvest RCF Custodian B.V., with its registered office in Amsterdam, is a private limited company whose shares are held by Amvest Beheer B.V. Amvest Vastgoed BV, also registered in Amsterdam holds all outstanding shares of Amvest Beheer B.V. Amvest Vastgoed B.V. is a private limited company, 50 percent of whose shares are owned by AEGON Levensverzekering N.V. in The Hague while the other 50 percent are held by Stichting Pensioenfonds Zorg en Welzijn in Zeist.

The Company is the depositary (bewaarder) of the Amvest Residential Core Fund. The key responsibility of the Depositary is to hold and dispose of legal title to all assets of the Fund for the account and risk of the Investors. The Depositary will do so at the instruction of the Fund Manager, Amvest REIM B.V., but will not engage itself actively in the management of the Fund.

2 Basis of preparation

(a) Accounting policies

The annual report is prepared in accordance with the provisions in part 9, Book 2 of the Netherlands Civil Code and the Guidelines of the Dutch Accounting Standards Board. Based on the criteria listed in Part 9, Book 2 of the Netherlands Civil Code, the Company qualifies as a small entity. Based on Article 396.7 the Company is exempt from preparing a management report.

(b) Basis of measurement

The financial report has been prepared on the historical cost basis. The annual report is prepared on the basis of the going concern principle.

(c) Functional and presentation currency

This financial report is presented in Euro (EUR), which is the company's functional currency.

(d) Use of estimates and judgements

The preparation of the financial requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in this financial report, and have been applied consistently by the company.

Assets and liabilities are included at nominal value, unless stated otherwise in the explanatory notes. Provisions are included at nominal value.

An asset is included in the balance sheet when it is likely that future economic benefits will accrue to the company, and the value thereof can be reliably determined. A liability is included in the balance sheet when it is likely that its settlement will coincide with an outflow of assets that may harbour economic benefits, and the extent thereof can be reliably determined.

Financial instruments include investments in shares and bonds, trade and other receivables, cash, loans and other financing commitments, trade payables and other amounts payable. These financial statements contain the following financial instruments: trade receivables, trade payables and cash.

A financial asset or a financial liability is recognised in the balance sheet when the contractual rights or obligations in respect of that instrument arise. A financial instrument is no longer recognised in the balance sheet when there is a transaction that results in a transfer to a third party of all or substantially all of the rights to economic benefits and all or substantially all of the risks related to the position. A purchase or sale according to standard market conventions is, by class of financial assets and financial liabilities, systematically recognised or derecognised in the balancesheet on the trade date (date of entering into binding agreement).

A financial asset and a financial liability are offset when the entity has a legally enforceable right to set off the financial asset and financial liability and the Company has the firm intention to settle the balance on a net basis, or to settle the asset and the liability simultaneously. If there is a transfer of a financial asset that does not qualify for derecognition in the balance sheet, the transferred asset and the associated liability are not offset.

Income is included in the income statement in the event of an increase of the economic potential, along with an increase of an asset or a decrease of a liability, the scope of which can be reliably determined. Expenditure is included in the event of a decrease of the economic potential, along with a decrease of an asset or an increase of a liability, the scope of which can be reliably determined.

If a transaction leads to all or virtually all future economic benefits and all or virtually all risks relating to an asset or liability being transferred to a third party, the asset or liability is no longer included in the balance sheet. Furthermore, assets and liabilities are no longer included

in the balance sheet from the moment the conditions of probability of the future economic benefits and reliability of value determination can no longer be met.

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Receivables

Receivables are measured at initial recognition at fair value, plus transaction costs (if material). After initial recognition, receivables are measured at amortised cost. If no premium or discount and transaction costs are applicable, the amortised cost is equal to the nominal value of the receivables, less a provision for uncollectible debts. These provisions are determined by individual assessment of the receivables.

Cash and cash equivalents

Cash and cash equivalents are stated at nominal value. If cash and cash equivalents are not readily available, this fact is taken into account in the measurement.

Shareholders' equity

Financial instruments that are designated as equity instruments by virtue of the legal reality are presented under shareholders' equity. Payments to holders of these instruments are deducted from the shareholders' equity as part of the profit distribution.

Financial instruments that are designated as a financial liability by virtue of the legal reality are presented under liabilities. Interest, dividends, income and expenditure with respect to these financial instruments are recognised in the profit and loss as financial income or expense.

Current liabilities

At initial recognition, current liabilities are recognised at fair value. After initial recognition, current liabilities are measured at amortised cost. If no premium or discount and transaction costs are applicable, the amortised cost is equal to the nominal value of the liability.

Income and expenditures

Income and expenditures are allocated to the year under review they relate to.

Management expenses

All management expenses are regarded as costs, to be allocated to the year under review, that relate to the operational activities of the Company.

Financial income and expenditures

Financial income and expenditures comprises interest income and gains on hedging instruments that are recognised in profit or loss. Interest income is recognised as it accrues in profit or loss, using the effective interest method.

Taxation

Corporate income tax comprises the current and deferred corporation tax payable and deductible for the reporting period, taking account of tax facilities and non-deductible costs. Tax is not deducted from profits to the extent that these profits can be offset against losses in the past.

Tax is deducted from losses to the extent that these losses can be offset against profits in the past and it results in a tax rebate. Tax is also deducted if it can be reasonably assumed that losses can be offset against future profits. Tax on earnings is calculated at the applicable tax rate, taking into account tax facilities.

NOTES TO THE STATEMENT OF FINANCIAL POSITION

1 Trade and other receivables

OTHER INFORMATION

Independent auditor's report

To: the General Meeting of Amvest RCF Custodian B.V.

Report on the accompanying financial statements

Our opinion

We have audited the financial statements 2022 of Amvest RCF Custodian B.V., based in Amsterdam. In our opinion the accompanying financial statements give a true and fair view of the financial position of Amvest RCF Custodian B.V. as at 31 December 2022, and of its result for the year 2022 in accordance with Part 9 of Book 2 of the Dutch Civil Code.

The financial statements comprise:

- 1 the statement of financial position as at 31 December 2022;
- 2 the statement of profit and loss for the year 2022; and
- 3 the notes comprising a summary of the accounting policies and other explanatory information.

Basis for our opinion

We conducted our audit in accordance with Dutch law, including the Dutch Standards on Auditing. Our responsibilities under those standards are further described in the 'Our responsibilities for the audit of the financial statements' section of our report.

We are independent of Amvest RCF Custodian B.V. in accordance with the 'Verordening inzake de onafhankelijkheid van accountants bij assurance-opdrachten' (ViO, Code of Ethics for Professional Accountants, a regulation with respect to independence) and other relevant independence regulations in the Netherlands. Furthermore, we have complied with the 'Verordening gedrags- en beroepsregels accountants' (VGBA, Dutch Code of Ethics).

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Report on the other information included in the annual report.

In addition to the financial statements and our auditor's report thereon, the annual report contains other information that consists of:

- other information pursuant to Part 9 Book 2 of the Dutch Civil Code;

Based on the following procedures performed, we conclude that the other information is:

- consistent with the financial statements and does not contain material misstatements;
- contains the information as required by Part 9 Book 2 of the Dutch Civil Code.

We have read the other information. Based on our knowledge and understanding obtained through our audit of the financial statements or otherwise, we have considered whether the other information contains material misstatements.

By performing these procedures, we comply with the requirements of Part 9 of book 2 of the Dutch Civil Code and the Dutch Standard 720. The scope of the procedures performed is less than the scope of those performed in our audit of the financial statements.

The Board of Directors is responsible for the preparation of the other information, including the management report, in accordance with Part 9 of Book 2 of the Dutch Civil Code, and other information pursuant to part 9 of Book 2 of the Dutch Civil Code.

Description of the responsibilities for the financial statements

Responsibilities of the Board of Directors for the financial statements

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. Furthermore, the Board of Directors is responsible for such internal control as the Board of Directors determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to errors or fraud.

As part of the preparation of the financial statements, the Board of Directors is responsible for assessing the company's ability to continue as a going concern. Based on the financial reporting framework mentioned, the Board of Directors should prepare the financial statements using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors should disclose events and circumstances that may cast significant doubt on the company's ability to continue as a going concern in the financial statements.

Our responsibilities for the audit of the financial statements

Our objective is to plan and perform the audit engagement in a manner that allows us to obtain sufficient and appropriate audit evidence for our opinion.

Our audit has been performed with a high, but not absolute, level of assurance, which means we may not have detected all material errors and fraud during our audit.

Misstatements can arise from fraud or errors and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements. The materiality affects the nature, timing and extent of our audit procedures and the evaluation of the effect of identified misstatements on our opinion.

We have exercised professional judgement and have maintained professional scepticism throughout the audit, in accordance with Dutch Standards on Auditing, ethical requirements and independence requirements. Our audit included among others:

- identifying and assessing the risks of material misstatement of the financial statements, whether due to errors or fraud, designing and performing audit procedures responsive to those risks, and obtaining audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from errors, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors;
- concluding on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company ceasing to continue as a going concern;
- evaluating the overall presentation, structure and content of the financial statements, including the disclosures; and

- evaluating whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant findings in internal control that we identify during our audit.

Rotterdam, 24 April 2023

PROVISIONS CONTAINED IN THE ARTICLES OF ASSOCIATION REGARDING PROFIT APPROPRIATION

The profit appropriation is provided for in article 21 of the Articles of Association.

- 21.1 The general meeting of shareholders shall determine the allocation of the accrued profits,
- 21.2 Distributions can only be made up to the amount of the distributable Part of the Shareholders' Equity,
- 21.3 A distribution of profits shall take place after the adoption of the Annual Accounts from which it appears that the distribution is permitted. The distribution of profits shall be due within two (2) weeks after the resolution to adopt the Annual Accounts, unless special circumstances require the distribution to take place at a later date,
- 21.4 Subject to article 21.1, the management board may resolve to distribute interim dividends,
- 21.5 Subject to article 21.1, the general meeting of shareholders may resolve to make distributions out of a reserve in whole or in part,
- 21.6 The claim of a shareholder to receive any distributions shall lapse within five (5) years after they have become due for payment.
